

# CONSOLIDATE YOUR JAPANESE LANGUAGE SKILLS LIVING AND WORKING IN JAPAN

You may have studied Japanese for a number of years now and are seeking options to utilise your Japanese language skills. J-Dream Education is offering young adventurous Australians like you who wish to immerse themselves in Japanese culture, a very exciting intern program. Our program offers a unique experience and opportunity to live in Japan and work in a variety of positions for one of Japan's largest Non-Profit Organisations, University Coop. University Coop is associated with over 200 universities throughout Japan, therefore you will be given the opportunity to work in various locations and towns allowing you to explore the amazing wonders that Japan has to offer.

This experience will provide a great opportunity for the adventurous at heart to live abroad, work in Japan and be part of a cross-cultural experience in a safe and supported environment. With the right attitude you could make lifelong friends, deepen your understanding of Japanese culture and further develop your Japanese language skills.
